A MOTHER'S DAY

Trinity View appreciates all its resident mothers who are precious in every way. To this end, we extend Happy Mother's Day Greetings to all our special mothers.

FAMILY & FRIENDS

On the 12th May 2018 Trinity View invited family & friends of residents to celebrate our Mothers on the eve of Mother's Day.

THANK YOU

Trinity View sends a very heartfelt thank you to all family, friends and guests who made this day a special one. We are appreciative of your contribution towards making this event memorable to all.

CARING HANDS

A mother's love is uncompromising, unyielding and incomparable. We recognize the universal special dedication of mothers, grandmothers, godmothers, mothers-in-law, aunts, wives, sisters, friends, mentors and women who love with a mother's heart.

A SPECIAL MOTHER

Can words truly express the value of our mothers? There is so much to say about what our mothers mean to us and what our mothers have done and continue to do for us. Often a mother's love is the fuel that enables us to persevere. It is easy and guides us through life's journeys.

To all our our mothers — we love you!

LIVE ENTERTAINMENT

Trinity View felt honoured to be able to host our mothers, friends, family and guests on the eve of Mother's Day. The day was made special with a few special items on hand. With commemorating our mothers as our focus, we were able to host an intimate celebratory get together at Trinity View which included food, drinks and live entertainment by Mr. Kelvin Cordett, whose talent enveloped us with pleasant renditions of various musical delights with his tenor steel pan.

A good time was enjoyed by all and, in particular, the residents. They enjoyed the gifts and the company of relatives and friends, truly making the day a special one.

Once again, Trinity View wishes to express its sincere appreciation and gratitude to everyone who attended our celebration of mothers and we hope to see you again soon.

"Often a mother's love is the fuel that enables us to persevere."
